

Model RPV

PENTHOUSE VENT

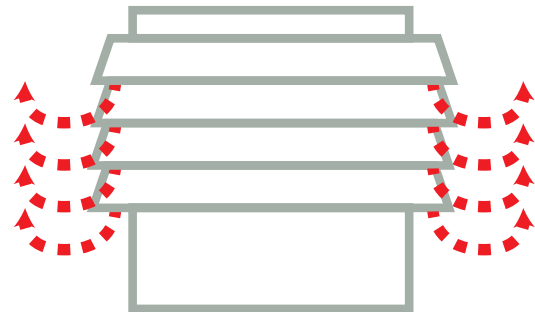

Model RPV roof mounted vents designed for intake or relief applications. The sleek, extruded aluminum makes it a perfect fit for any commercial or industrial building.

PRODUCT BENEFITS

- Utilized for exhaust or relief air
- Minimal airflow resistance.
- Modern louvered design looks great on any roof
- Heavy gauge aluminum
- Beaded edge for maximum strength
- Extra durable construction

HOW IT WORKS

Hot air exhausts via gravity ventilation. The interior channels prevent water entry at any rain level.

Warm air exhausts from the blades of the penthouse vent.

Fresh air enters through the vent to enter the building below.

PRODUCT RANGE

| Tiers | Height | Width | Length | Square Footage |
|-------|-----------|-----------|------------|----------------|
| 1 - 9 | 11" - 47" | 12" - 96" | 12" - 144" | 1' - 96' |
