STANDARD FEATURES

- **Versatile Natural Ventilator:** Works for gravity relief and natural intake applications.
- **Aerodynamic Style:** designed for minimum resistance to airflow.
- **Heavy Duty Shroud:** constructed of heavy gauge aluminum with a beaded edge for maximum strength.
- **Protective Bird Screen:** Aluminum Bird screen.
- **Easily Accessible Interior:** covers are easily detachable
- **Corrosion Resistant Design:** Rust free for long life.

ADDITIONAL OPTIONS

- Motorized damper 115V (relief or intake)
- Epoxy Coating
